

1. **A title**

- The Wrong 2020
- 2. **A logo** (a quick sketch is fine)

3. **A draft of writing for your home page introduction**, which might possibly recycle some writing from your original Proposal

- On the new years night leading up to 2020 our universe warped and swapped places with a nearly identical parallel universe. No one noticed the difference right away but as time went on things started to get weird. An unprecedented amount of major historical events have happened between 2020 and the present day. Compared to any years prior, the years we have lived through have been some of the most record breakingly negative. The only explanation for this sudden influx of terrible events is that on new years night we swapped places with a parallel universe where events like this were their normal. The universes are so similar that we weren't able to notice any physical differences right away as everything looks identical, but the events spoke for themselves.

4. **A draft of writing for the "about" page**, which details the fictitious organization/entity that is creating the website

- We are the founders of the "The Wrong 2020" organization where we aim to inform the world of the fact that we swapped places with a parallel universe and this explains the increase in negative historical events since the year 2020.
  - o President: Jim Kalor
  - o Vice President: Wallace Idena
  - o Lead Researcher: Kathrine Paulin
- 5. **3 pieces of "research"** to support the premise of your Final Project. These should be drafts writings\*, and should include quotations/links to any other resources (if possible) that support your research.
- In 2020 it was released to the public that NASA found a potential parallel universe near us. What they left out was that we had already swapped places with it.

6. **Any images that will be included in your "research"**. If the images were found online, then name the source and provide the URL. If original photos, then credit yourself as the photographer. If images are going to be created by other means, then it's ok to create a sketch for the time being.

7. **Any videos or audio that will support your research**. Provide sources for found materials\*\*. If you are planning to create your own video or audio — and you need more time to get these elements together — then describe what you intend to record the best you can.

8. **A product** offered by this website, which could be merchandise, a service, or perhaps a paid membership. If this is an object that someone could buy (such as apparel or a gadget), then a quick sketch of the item is fine.

- “The truth about 2020” apparel
- Notebook to keep notes about other weird events happening

9. **A draft writing of the conclusion**, which might be a sort of call-to-action for the audience.

- While we are currently not in a place to have the ability to go back to our original universe we can at the very least try to inform as many people around the globe as possible about the truth. The more people are aware of what really happened to us in 2020 the better off we will be as a humanity.
